In November, 1855, I first advertised it under the name of white Pine compound, In two years from that time there had been wholes saided in Manchester alone one hundred dollars worth, where it took the lead of all the cough remedies in the market, and it sill maintains that position. There is good reason for this; it is every soothing and be aling in its nature; is warming to the stomach and linging cheap.

Since that accidental discovery many thousands have used it for the same complaint, and have been completely cured."

The above was written by Dr. Poland, in 1860. Since then, as in Manchester, the White Compound has taken the lead of all Cough remedies, as well as a preparation for the cure of Kidney difficulties, in every city, town, vi lage and hamiet throughout the New England States.

The remedy is as safe and pleasant to take as it is effectual.
